### **Social Media and Technology Integrations**

We offer parts of our Service through websites, platforms, and services operated or controlled by separate entities. In addition, we integrate technologies operated or controlled by separate entities into parts of our Service. Some examples include:

- **Links.** Our Service includes links that hyperlink to websites, platforms, and other services not operated or controlled by us. We may get a commission if you purchase a product after clicking on a link to an affiliate’s website.
- **Liking, Sharing, and Logging-In.** We may embed a pixel or SDK on our Service that allows you to “like” or “share” content on, or log-in to your account through social media. If you choose to engage with such integration, we may receive information from the social network that you have authorized to share with us. Please note that the social network may independently collect information about you through the integration.
- **Brand Pages and Chatbots.** We may offer our content through social media. Any information you provide to us when you engage with our content (such as through our brand page or via our chatbot on Facebook Messenger) is treated in accordance with this Privacy Policy. Also, if you publicly reference our Service on social media (e.g., by using a hashtag associated with Medex in a tweet or post), we may use your reference on or in connection with our Service.

Please note that when you interact with other entities, including when you leave our Service, those entities may independently collect information about you and solicit information from you. ### **Analytics and Advertising**

We use analytics services, such as Google Analytics, to help us understand how users access and use the Service. In addition, we work with agencies, advertisers, ad networks, and other technology services to place ads about our products and services on other websites and services. For example, we place ads through Google and Facebook that you may view on their platforms as well as on other websites and services.

As part of this process, we may incorporate tracking technologies into our own Service (including our website and emails) as well as into our ads displayed on other websites and services. Some of these tracking technologies may track your activities across time and services for purposes of associating the different devices you use, and delivering relevant ads and/or other content to you (“Interest-based Advertising”).

We also use audience matching services to reach people (or people similar to people) who have visited our Service or are identified in one or more of our databases (“Matched Ads”). This is done by us uploading a customer list to a technology service or incorporating a pixel from a technology service into our own Service, and the technology service matching common factors between our data and their data. For instance, we incorporate the Facebook pixel on our Service and may share your email address with Facebook as part of our use of Facebook Custom Audiences. Some technology services may provide us with their own data, which is then uploaded into another technology service for matching common factors between those datasets.

As indicated above, vendors may act as our service providers, or in certain contexts, independently decide how to process your information. We encourage you to familiarize yourself with and consult their privacy policies and terms of use.

For further information on the types of tracking technologies we use on the Service and your rights and choices regarding analytics, Interest-based Advertising, and Matched Ads, please see the “Information Collected Automatically” and “Your Rights and Choices” sections.

## Your Rights and Choices

You have rights and choices with respect to information that relates to you, however such rights will vary depending on the category of information, and the subsequent use of such information. This section further describes your rights.

### 1. Account Information.

You may access, update, or remove certain information that you have provided to us through your account by visiting your account settings. Please note that we will retain and use your information as necessary to comply with our legal obligations, resolve disputes, and enforce our agreements. European data subjects and California residents have additional rights as set forth in the sections entitled “Additional Disclosures for Data Subjects in Europe” and “Additional Disclosures for California Residents” below.

### 2. Tracking Technology Choices.

- **Cookies and Pixels.** Most browsers accept cookies by default. You can instruct your browser by changing its settings, to decline or delete cookies. If you use multiple browsers on your device, you will need to instruct each browser separately. Your ability to limit cookies is subject to your browser settings and limitations.
- **Do Not Track.** Your browser settings may allow you to automatically transmit a “Do Not Track” signal to online services you visit. Note, however, there is no industry consensus as to what site and app operators should do with regard to these signals. Accordingly, unless and until the law is interpreted to require us to do so, we do not monitor or take action with respect to “Do Not Track” signals. For more information on “Do Not Track,” visit <http://www.allaboutdnt.com>.
- **App and Location Technologies.** You can stop all collection of information via an app by uninstalling the app. You can also reset your device Ad ID at any time through your device settings, which is designed to allow you to limit the use of information collected about you. You can stop all collection of precise location data through an app by uninstalling the app or withdrawing your consent through your device settings.

Please be aware that if you disable or remove tracking technologies some parts of the Service may not function correctly.

### 3. Analytics and Interest-Based Advertising.

Google provides tools to allow you to opt out of the use of certain information collected by Google Analytics at <https://tools.google.com/dlpage/gaoptout> and by Google Analytics for Display Advertising or the Google Display Network at <https://www.google.com/settings/ads/onweb/>.

The companies we work with to provide you with targeted ads are required by us to give you the choice to opt out of receiving targeted ads. Most of these companies are participants of the Digital Advertising Alliance (“DAA”) and/or the Network Advertising Initiative (“NAI”). To learn more about the targeted ads provided by these companies, and how to opt out of receiving certain targeted ads from them, please visit: (i) for website targeted ads from DAA participants, <https://www.aboutads.info/choices>; (ii) for app targeted ads from DAA participants, <https://www.aboutads.info/appchoices>; and (iii) for targeted ads from NAI participants, <https://www.networkadvertising.org/choices/>. Opting out only means that the selected participants should no longer deliver certain targeted ads to you, but does not mean you will no longer receive any targeted content and/or ads (e.g., in connection with the participants’ other customers or from other technology services).

To opt out of us using your data for Matched Ads, please contact us as set forth in the “Contact Us” section below and specify that you wish to opt out of matched ads. We will request that the applicable technology service not serve you matched ads based on information we provide to it. Alternatively, you may directly contact the applicable technology service to opt out.

You may also limit our use of information collected from or about your mobile device for purposes of serving targeted ads to you by going to your device settings and selecting “Limit Ad Tracking” (for iOS devices) or “Opt out of Interest-Based Ads” (for Android devices).

Please note that if you opt out using any of these methods, the opt out will only apply to the specific browser or device from which you opt out. We are not responsible for the effectiveness of, or compliance with, any opt out options or programs, or the accuracy of any other entities’ statements regarding their opt out options or programs.

### 4. Communications.

- **E-mails.** You can opt-out of receiving promotional emails from us at any time by following the instructions as provided in emails to click on the unsubscribe link, or by contacting us as set out in the “Contact Us” section below. - **Push Notifications.** If you have opted-in to receive push notifications on your device, you can opt-out at any time by adjusting the permissions in your device or uninstalling our app.

Please note that your opt out is limited to the email address and device used and will not affect subsequent subscriptions.

Data protection laws in the U.S. and other jurisdictions may be different from those of your country of residence. Your use of the Service or provision of any information therefore constitutes your consent to the transfer to and from, processing, usage, sharing, and storage of information about you in the U.S. and other jurisdictions as set out in this Privacy Policy.
